Fees and Salaries—Fees in All Counties and Salaries in Certain Counties—Court Fees in Criminal Actions. Howard Schwartz, Judicial Administrator, Topeka, February 21, 1989.

Whether a traffic related offense that is classified as a misdemeanor should be considered a "misdemeanor" or a "law regulating traffic" for purposes of assessing the correct docket fee under K.S.A. 1988 Supp. 28-172a must be determined on a case-by-case basis taking into consideration the amount of time and effort typically required to prosecute such an offense. Schools—Miscellaneous Provisions—Early Retirement Incentive Programs; Incentive Payments Exceeding One Year. David G. Shriver, Attorney for U.S.D. 418, McPherson, February 21, 1989.

The statutes authorizing early retirement incentive programs do not limit an agreement for such benefits to a one-year period. If the program is part of a negotiated contract between a board of education and a professional employees' organization the terms of which exceed a one-year period, then the program is not in conflict with the continuing contract law for teachers. Contracts and Promises—General Provisions—Credit Agreements; Required Notice. W. Newton Male, Commissioner, Banking Department, Topeka, February 21, 1989.

and the tree to be a section of the contract o

Promissory notes, security agreements and mortgages are not "credit agreements" within the meaning of L. 1988, ch. 55. However, the document creating the interest may become a credit agreement if, by the terms of the document, there is included a promise to lend or delay repayment of money or make some other financial accommodation. The failure to include the notice prescribed in section 2 of the act does not render a credit agreement unenforceable. However, parol evidence may be used to show that fraudulent misrepresentations were made during contract negotiations. Taxation—Aggregate Tax Levy Limitations—Suspension of Statutory Fund and Levy Limitations. Representative Marvin L. Littlejohn, 119th District, Phillipsburg, February 21, 1989.

County hospitals operated by elected boards of trustees are taxing districts for purposes of K.S.A. 1988 Supp. 79-5021 et seq. As such, these hospitals may levy in 1989 an amount not in excess of the dollar amount levied by them in 1988. Beginning in 1990, such hospitals' levies are exempted from the aggregate tax levy limitation. County hospitals operated by appointed boards of trustees are not taxing districts in and of themselves, but levies for these hospitals must be included in calculating the counties' aggregate tax levy limitations in 1989. Beginning in 1990, levies for county hospitals with appointed boards of trustees will be exempted from the calculation of the counties' aggregate tax levy limitations. DEPARTMENT OF HEALTH AND ENVIRONMENT

NOTICE OF HEARING

A public hearing will be conducted at 7:30 p.m. Tuesday, March 7, by the Kansas Department of Health and Environment (KDHE), Bureau of Air Quality and Radiation Control (BAQRC), at the Black and Gold Room in the Fort Hays State University Union, Hays, to consider the issuance of a permit under the provisions of Kansas administrative regulations for air pollution control to the Yuasa-Exide Corp. (Exide) for the installation and operation of a lead-acid battery manufacturing facility. This facility will occupy the property formerly owned by Travenol Laboratories, Inc., One Exide Road, Hays.

The BAORC has evaluated the air emission estimates for this facility and has determined that the facility can be expected to comply with the lead emission limitations of K.A.R. 28-19-129, Standards of Performance for Lead-Acid Battery Manufacturing Plants. The BAQRC has also conducted air pollutant dispersion modeling studies of the lead air emissions estimated to be emitted from the facility. These studies have shown that the national ambient air quality standard (NAAQS) for lead will not be adversely impacted by this facility operating continuously and at the stated battery production rate.

The complete administrative record for this proposed permit is available for public inspection through March 17 by contacting Richard Robinson at the BAORC office, 2301 E. 13th, Hays; and at the BAQRC office, Building 740, Forbes Field, Topeka. Questions pertaining to this proposed permit should be directed to L. C. Hinther at

the BAORC office in Topeka, (913) 296-1576.

All interested parties may submit relevant written comments prior to the public hearing by addressing them to the Secretary of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. Interested parties also will be given a reasonable opportunity during the public hearing to present relevant verbal comments. In order to give all parties an opportunity to present their verbal comments, the hearing officer may limit the time period of individual comments.

All written and verbal comments received will be considered by the Secretary of Health and Environment before a final decision on the issuance of the permit is made.

NOTICE CONCERNING ADMINISTRATIVE REGULATIONS

On January 17, 1989, the Kansas Racing Commission conducted a public hearing and considered and approved temporary regulations concerning rules of racing for greyhounds, numbered 112-8-3 through and including 112-8-12, by a unanimous roll call vote with two revisions—one each in proposed temporary regulations numbered 112-8-3 and 112-8-9. The last two proposed regulations were inadvertently proposed to the Rules and Regulations Board without the approved revisions on January 19, 1989, and were approved. The commission, in a public meeting February 17, 1989, directed that the board be requested to accept the commission's revision of these regulations, which have since received current approval from the Secretary of Administration and the office of the Attorney General.

Because these temporary regulations numbered 112-8-3 and 112-8-9 were approved by the Rules and Regulations Board without the previous approval of the Kansas Racing Commission, they are void as to force and effect.

SOLICITATION FOR JUVENILE POLICY CONFERENCE

The Department of SRS-Youth Services and the Advisory Commission on Juvenile Offender Programs are seeking an agent to organize and implement a single state-wide Juvenile Policy Conference to be held between July 15 and August 15 in Topeka, Wichita, Salina or Hutchinson.

Approximately 250 participants will be invited from among the following: juveniles, judges, key legislators, county and district attorneys, SRS, court services, private agencies, education, state and local corrections representatives, law enforcement, county commissioners, and advocacy groups.

The format of the conference will be to divide the participants into working committees by topic, with the assigned task of producing a report and recommendations.

A national consultant(s) will be selected to assist in determining the content of the conference and to assist in managing the substantive aspects of the conference.

A conference steering committee will be named on March 16 to oversee the conference and to work with the national consultant and Kansas provider organization.

II. The Kansas provider organization will be responsible for the general and specific logistics of the conference and, in particular, will provide the following services:

A. Production and mailing of brochures and invitations;

B. Final selection of site, contracting with the conference facility, and managing all logistical matters concerning the facilities;

C. Provision of conference materials (agenda and

packet) to participants;

D. Recruitment and selection of working committee leaders;

E. Provision of staff support to the conference. This will include typing of committee reports and the production of the final conference report;

F. Printing and distribution of 1000 copies of the con-

ference report; and

G. Management of all funds, to include reimbursement of participants and the national consultant, as well as funds to be utilized directly by the provider organization.

III. Fiscal considerations: \$40,000 is available to organize and implement the conference. Of that amount, \$17,000 is to be budgeted for participant room and meal reimbursement and any site costs; \$7,000 is to be budgeted for national consultant(s). The remaining \$16,000 is available to carry out the functions of the Kansas provider organization enumerated in II and any additional activities deemed necessary by the provider.

IV. The respondent must address its experiences and ability to carry out the task of managing a conference of this size. It must also demonstrate an ability to handle the amount of funds involved. It must present a work

plan and schedule.

The response should, therefore, consist of: (1) attached

cover sheet; (2) budget page; (3) a detailed budget; (4) a statement of organizational capability; (5) a detailed work plan; and (6) a project schedule.

Please note that the final selection of national consultants, conference content and dates of the meeting will be determined by the conference steering committee.

Questions regarding this notification should be directed to David O'Brien, SRS Youth Services, (913) 296-4649.

NOTICE OF HEARING ON PROPOSED ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 9 a.m. Friday, April 14, in the training room, 2nd floor, 128 N. Kansas Ave., Topeka, to consider the adoption of proposed permanent regulations of the Kansas Racing Commission. This 30-day notice is to constitute a public comment period for the purpose of receiving written public comments on these proposed regulations.

A copy of the full text of the regulations and the economic impact statement may be reviewed or obtained at the commission office, 128 N. Kansas Ave., Topeka. The

following is a summary of the regulations.

K.A.R. 112-12-2 and K.A.R. 112-12-13 include the requirements for registration of horses to participate in the Kansas Horse Breeding Development Fund, which is a registry of horses and a system by which the owners of Kansas-bred sires and dams of foals registered who win races in Kansas receive stallion and mare awards from the fund. Owners of Kansas-bred horses winning certain races in Kansas may receive purse supplements from the fund. The purpose of this set of regulations is to enhance and encourage the horse breeding industry in Kansas and to provide monies for equine research through institutions of higher education under the state board of regents.

The economic impact of this set of regulations affects the horse owners who pay a commission-approved fee to the registry that is part of this program and a second fee to certify their stallions and mares as qualified to participate as breeding stock eligible to receive awards from the fund. The fees are used solely to support the administrative costs of the registry and certification service. The development fund is created from the breakage and unclaimed winning tickets of races conducted at Kansaslicensed horse racetracks, estimated nationally at 1.3 percent of the total annual handle, a term earning the total amount of money handled as parimutuel wagers.

STATEMENT OF GUIDELINES ON AGE DISCRIMINATION IN EMPLOYMENT

1. Unlawful employment practices based on age. Each employer, employment agency, or labor organization shall not set an arbitrary age limit in relation to employment or membership except as otherwise provided by commission rules or by the Kansas age discrimination in employment act.

2. Job opportunities advertising. Help wanted notices of advertisements shall not contain age-specific terms and phrases, including "young," "boy," "girl," "college student," "recent college graduate," "retired person," or others of a similar nature, unless a bona fide occupational requirement for the position has been established.

3. Age information on job applications and other preemployment inquiries. Any preemployment inquiry in connection with prospective employment which expresses directly or indirectly any limitation, specification, or discrimination as to age shall be unlawful unless based upon a bona fide occupational qualification. The burden shall be on the employer, employment agency or labor organization to demonstrate that the direct or indirect preemployment inquiry is based upon a bona fide occupational qualification.

The following inquiries shall be permissible:

(a) Preemployment inquiries regarding the age of an applicant if the inquiry is made in good faith for a nondiscriminatory purpose;

(b) preemployment inquiries to determine that an ap-

plicant is over 18 years of age.

4. Bona fide occupational qualifications.

(a) The bona fide occupational qualification exception as to age shall be narrowly construed.

(b) An employer asserting a bona fide occupational qualification defense has the burden of proving that:

(1) the age limit is reasonably necessary to the essence of the business; and

(2)(A) that all or substantially all individuals excluded from the job involved are in fact not qualified; or

(2)(B) that some of the individuals were excluded on the basis of a trait that cannot be ascertained except by

reference to age.

- (c) If the employer's bona fide occupational qualification defense is based on public safety, the employer shall prove that the challenged practice does effectuate that goal and that there is no acceptable alternative which would better advance it or equally advance it with less discriminatory impact.
- 5. Differentiations based on necessary factors other than age.
- (a) If an employment practice uses age as a limiting criterion, the defense that the practice is justified by a necessary factor other than age is unavailable.
- (b) Any employment practice, including a test, which is claimed as a basis for different treatment of employees or applicants for employment on the grounds that it is a "necessary factor other than age," may only be justified on the basis of business necessity or valid business motive, and such a practice has an adverse impact on individuals

within the protected age group. Tests which are asserted as "reasonable factors other than age" will be scrutinized in accordance with the standards set forth at Article 30 of these regulations.

(c) If the exception of a "necessity factor other than age" is raised against an individual claim of discriminatory treatment, the employer shall bear the burden of proving

the "necessary factor other than age."

(d) An employment practice based on the average cost of employing older employees as a group shall be unlawful except with respect to employee benefit plans which qualify for the section 1113(b)(2) exception to the Kansas age discrimination in employment act.

6. Bona fide seniority systems.

(a) Each bona fide seniority system shall be based on length of service as the primary criterion for the equitable allocation of available employment opportunities and prerogatives among younger and older workers. Other secondary factors, including merit, capacity, or ability, also may be used.

(b) A seniority system which gives those with longer service lesser rights, and results in discharge or less favored treatment to older workers, may be found to be a "subterfuge to evade the purposes" of the Kansas age

discrimination in employment act. The transplant of

(c) Essential terms and conditions of a seniority system shall be communicated to the affected employees and applied uniformly to all those affected, regardless of age. Any seniority system shall not be considered a bona fide seniority system within the meaning of the Kansas age discrimination in employment act if its terms and conditions are not communicated and applied as required by this subsection.

7. Prohibition of involuntary retirement.

(a) Each seniority system or employee benefit plan shall not require or permit the involuntary retirement of any individual. Accordingly, any system or plan provision requiring or permitting involuntary retirement shall be unlawful, unless the provision is otherwise permitted by state or federal law or by ordinance or resolution which preempts, supersedes or otherwise takes precedence over the Kansas age discrimination in employment act.

(b) Any plan may permit individuals to elect early retirement at a specified age at their own option. Any plan may require early retirement for reasons other than age.

8. Exemption for employees serving under a contract of unlimited tenure. raksik secretaksi

(a) The exemption for employees serving under a contract of unlimited tenure may be applied to any individual who attains age 70 prior to January 1, 1994, and whose job duties and responsibilities cease prior to January 1, 1994, regardless of the contract expiration date.

(b) The party seeking to invoke the exemption for employees serving under a contract of unlimited tenure shall have the burden of showing that every element of the exemption has been met clearly and unmistakably. This exemption shall be narrowly construed.

(c) Definitions.

(1) "Institution of higher education" means all public and private universities and colleges which grant tenure to employees.

(2) "Any employee" means teachers and other groups

of employees who have tenured status, including academic deans, scientific researchers, professional librarians and counseling staff.

(3) "Tenure" means an arrangement under which certain appointments in an institution of higher education are continued until retirement for age or physical disability, subject to dismissal for adequate cause or under extraordinary circumstances on account of financial exigency or change of institutional program.

(4) "Unlimited" means tenure which is not limited to a specific term. A contract or other similar arrangement which is limited to a specific term shall not meet the

requirements of the exemption.

(d) A contract or other similar arrangement which meets the standards in the "1940 Statement of Principles on Academic Freedom and Tenure," jointly developed by the Association of American Colleges and the American Association of University Professors, shall be deemed to satisfy the tenure requirements of the exemption.

(e) Any employee who is not assured of a continuing appointment either by contract of unlimited tenure or other similar arrangement shall not be exempted from the prohibitions against compulsory retirement, even if the employee performs functions identical to those performed

by employees with appropriate tenure.

(f) Any employee within the exemption may lawfully be required to retire on account of age at age 70 or above. In the alternative, the employer may retain such an employee either in the same position or status or in a different position or status if the employee voluntarily accepts this new position or status. Each employee who accepts a nontenured position or part-time employment shall not be treated any less favorably, on account of age, than any similarly situated younger employee, unless the less favorable treatment is excused by an exception of the Kansas age discrimination in employment act.

9. Exemption for bona fide executive or high policy-

making employees.

(a) The party seeking to invoke the exemption for bona fide executive or high policy-making employees shall have the burden of showing that every element of the exemption has been met clearly and unmistakably. This ex-

emption shall be narrowly construed.

(b) Any employee within the exemption may lawfully be required to retire on account of age at age 65 or above. In the alternative, the employer may retain such an employee either in the same position or status or in a different position or status. Each employee who accepts such a new status or position shall not be treated any less favorably, on account of age, than any similarly situated younger employee.

(c) The bona fide executive exemption shall apply to top-level employees who exercise substantial executive authority over a significant number of employees and a

large volume of business.

Any individual in the corporate organizational structure who possesses comparable or greater level of responsibility and authority, as measured by established and recognized criteria, shall also qualify for this exemption.

(d) The phrase "high policymaking position" shall be

limited to certain top-level employees:

(1) who are not bona fide executives;

(2) who are individuals who have little or no line au-

(3) whose position and responsibility are such that they play a significant role in the development of corporate policy and effectively recommend its implementation.

(e) Each employee qualifying for this exemption shall have been in a "bona fide executive or high policy-making position as those terms are defined in this regulation, for the two-year period immediately before retirement.

(f) The "annual retirement benefit" is the aggregate sum payable during each one-year period. The initial oneyear period shall commence from the date the benefits first become receivable by the retiree. Once established, the annual period upon which calculations are based may

not be changed from year to year.

(g) The annual retirement benefit shall be immediately available to the employee retiring under the exemption. For purposes of determining compliance, "immediate" means that the payment of plan benefits, in a lump sum or the first of a series of periodic payments, shall occur not later than 60 days after the effective date of the retirement in question. The fact that an employee will receive benefits only after expiration of the 60-day period shall not preclude retirement under the exemption, if the employee could have elected to receive benefits within that period.

(h) To determine whether the aggregate annual retirement benefit equals at least \$44,000, only benefits authorized by and provided under the terms of a pension, profit-sharing, savings, or deferred compensation plan

shall be included.

(i)(1) The annual retirement benefit shall be "nonfor-feitable." Accordingly, the exemption shall not be applied to any employee subject to plan provisions which could cause the cessation of payments to a retiree or result in the reduction of benefits to less than \$44,000 in any one year. However, retirement benefits shall not be considered forfeitable solely because the benefits are discontinued or suspended for reasons permitted under section 411(a)(3) of the Internal Revenue Code.

(2) An annual retirement benefit shall not be considered forfeitable merely because the minimum statutory benefit level is not guaranteed against the possibility of plan bankruptcy or is subject to benefit restrictions in the event of early termination of the plan in accordance with Treasury Regulation 1.401-4(c). However, there shall be at least a reasonable expectation that the plan will meet its obligations when the retirement in question becomes

effective.

10. Firefighters and law enforcement officers. The party seeking to invoke the exemption for firefighters and law enforcement officers shall have the burden of showing that every element of the exemption has been met clearly and unmistakably.

- **82-11-6.** Procedures to insure compliance with minimum safety standards. The following procedures may be utilized by the commission to insure compliance with the minimum safety standards of this article:
- (a) Annual audit-inspection. An inspector shall visit each operator annually, or as needed, to inspect the operator's operation and maintenance records, and to perform field surveys and tests as required by the regulations of this article. Inspection guides shall be used to record information and test results obtained in each field inspection. This information shall be evaluated by the gas pipeline safety section, and an evaluation letter and a completed evaluation form shall be sent by mail to the operator.
- (b) Return of evaluation form. Each completed evaluation form in subsection (a) shall be signed by the operator and returned to the gas pipeline safety section within 30 days of the date that the evaluation letter and evaluation form were received by the operator. Each evaluation form shall detail the actions taken by the operator, or shall set forth a proposed plan, to bring the operator's system into compliance with the safety standards of this article.
 - (c) Follow-up inspection. If the inspection reveals any

instances of noncompliance, each inspector shall return to the operator's premises within 90 days of the date of the inspection evaluation letter, or as soon as is practicable, to perform a follow-up inspection. Each inspector shall re-inspect the operator's system and record any instance of non-compliance. A follow-up inspection evaluation letter shall then be sent to the operator detailing any further action required by the operator.

(d) Meeting with commission staff. If the inspector determines on the follow-up inspection that the instances of non-compliance have not been corrected, the operator may be requested to attend an informal meeting at the commission offices to discuss the operator's non-compliance with the minimum safety standards of this article.

(e) Show cause hearing. A show cause hearing may be requested when all other reasonable measures have failed to produce operator compliance, or when the non-compliance presents an imminent danger to persons or property.

(f) Waiver of procedures. The requirements of this regulation may be waived and an interim order may be issued by the commission pursuant to K.A.R. 82-1-232(c) if any instance of non-compliance with the safety standards of this article presents any probable danger to persons or property.

(g) This temporary regulation shall be effective on and after February 25, 1989. (Authorized by and implementing K.S.A. 66-1,150; effective T-82-10-28-88, October 28, 1988; effective T-82-2-25-89, Feb. 25, 1989.)

- 82-11-7. Reporting requirements. (a) Annual report. Each operator subject to the jurisdiction of the commission shall submit, in duplicate, an annual report for each calendar year. This report shall be submitted on forms as prescribed by Title 49 CFR, Part 191. These forms shall be distributed to the operator by the gas pipeline safety section. Each annual report shall be submitted to the gas pipeline safety section by March 1st of the year following the reporting year. One copy of each annual report shall be transmitted by the commission to the information systems manager, materials transportation bureau, U.S. department of transportation, by March 15th of the year following the reporting year.
 - (b) Incident reports.
- (1) Each operator shall notify the utility division by telephone within two hours following discovery of any incident within their certified areas or operating areas. If an incident occurs outside the commission's working hours of 7:50 a.m. through 4:50 p.m., Monday through Friday, or on a holiday, the gas utility or operator shall contact an employee of the gas pipeline safety section. A list of these employees and their telephone numbers shall be provided to each operator.
- (2) One copy of each written incident report shall be transmitted by the executive director of the commission within 10 days of receipt to the information systems manager, materials transportation bureau, U.S. department of transportation.
 - (c) Municipal gas operators.
- (1) Each municipal gas operator shall notify the gas pipeline safety section when the municipal gas operator has contracted with a consultant to perform a survey or inspection in order to comply with the minimum safety standards. Each municipal gas operator shall forward written notice indicating the probable month of the inspection or survey at the time the consultant is authorized by the

municipality to conduct such survey or inspection. In addition, each municipal gas operator shall forward written notice to the gas pipeline safety section no less than 10 days before the survey or inspection is to be conducted by the consultant. Forms for these notifications shall be available from the gas pipeline safety section.

(2) Each municipal gas operator shall maintain complete records relating to the gas system for the life of the system for the purposes of insuring compliance with the minimum safety standards. Original records shall be kept by the city clerk or other responsible employee, and copies of said records shall be kept by the municipal gas operator. Each record shall be made available when an inspector conducts a field inspection.

(d) Construction notices. Each operator shall submit to the gas pipeline safety section written notice on commission-supplied forms of any of the following construction

activities or events:

(1) Receipt by the operator of internal authorization to

proceed with a construction project;

(2) commencement of a construction project. The notice shall be submitted no less than 10 days before the commencement of the construction project; or

(3) whenever contiguous pipeline installation projects cumulatively exceed the distance criteria provided in K.A.R. 82-11-1(b) so as to constitute a construction

project.

(e) This temporary regulation shall be effective on and after February 25, 1989. (Authorized by and implementing K.S.A. 66-1,150; effective T-82-10-28-88, October 28, 1988; effective T-82-2-25-89, Feb. 25, 1989.)

(c) The executive director may rely wholly on the presentment of certified copies of a court's appointment of an administrator or executor, guardian, conservator or any other evidence of a person entitled to the payment of any prize winnings then due. (continued)

(d) The payment to the estate of the deceased owner of any prize winnings by the lottery shall absolve the lottery and its representatives of any further liability for payment of said prize winnings. The lottery need not look to the payment of the prize winning beyond the payee thereof. The executive director reserves the right to petition any court of competent jurisdiction to request a determination for the payments of any prize winnings which are or may become due the estate of a deceased owner or an owner under a disability because of, but not limited to, under age, mental deficiency, physical or mental incapacity. If the legatee(s) or heir(s) of a deceased owner entitled to prize winnings obtains an order from a court of competent jurisdiction directing payments due and to become due from the lottery to be paid directly to said legatee(s) or heir(s) or otherwise directs the lottery to make payments to another in the event of an owner's disability or otherwise, the lottery shall pay the prize winnings accordingly. (Authorized by K.S.A. 1988 Supp. 74-8710; implementing K.S.A. 1988 Supp. 74-8710 and 74-8720; amended T-111-2-10-89, Feb. 10, 1989.)

dollar amount inside and announce the same.

Three of each of these symbols, except blarney stones, pipes, harps and mushrooms, appear on the front of each ticket. Various combinations of symbols, including three of any symbol, appear under each tab on the back of each ticket.

The prize attributable to each set of three matching symbols, including doubled prizes, is shown on the front of the ticket. The prize amounts are as follows:

a single tab on the back of the ticket.

State of Kansas

KANSAS PUBLIC DISCLOSURE COMMISSION

Opinion No. 88-19

Written July 21, 1988, to Mary Ann Gabel, Executive Director, Behavioral Sciences Regulatory Board, Topeka.

This opinion is in response to your letter of July 11, 1988, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as executive director of the Behavioral Sciences

Regulatory Board.

You state that the 1987 Legislature enacted new legislation for the registration of masters level psychologists (L. 1987, ch. 306, §§ 1; codified at K.S.A. 1987 Supp. 74-5361 et seq.). The Behavioral Sciences Regulatory Board is given authority to adopt rules and regulations to enforce the provisions of this act (K.S.A. 1987 Supp.

Registered masters level psychologist (RMLP) may practice only in the following setting:

"a licensed community mental health center or one of its contracted affiliates, in any federal, state, county or municipal agency, or other chartered educational institution, in a medical care facility . . . or in a psychiatric hospital . . ." (K.S.A. 1987 Supp. 74-5362, as amended by L. 1988, ch. 304, §§ 6.)

A member of the Behavioral Sciences Regulatory Board is also a board member of the Association of Community Mental Health Centers of Kansas. The member was appointed to the Behavioral Sciences Regulatory Board as

(continued)

a consumer member to "represent the general public."

(K.S.A. 1987 Supp. 74-7501.)

The board of directors of the Association of Community Mental Health Centers of Kansas employs a registered lobbyist who advocates the association's interests to the legislature and to the Behavioral Sciences Regulatory Board. Since community mental health centers are the primary employer of RMLPs, the association has taken an active role in representing the RMLPs' interests before the legislature in amending RMLP statutes, and before the BSRB in adopting administrative regulations implementing the RMLP statutes.

The primary purpose of the BSRB in regulating the various professions under its jurisdiction is protection of the public. This duty is distinguishable from the role of the professional association, which advances the interests of its members.

The question the Behavioral Sciences Regulatory Board wishes to present to the Public Disclosure Commission is as follows:

"Is it a statutory or common law conflict of interest for a BSRB member who is also a member of the association's board to vote on certain policy matters concerning the adoption and interpretation of RMLP regulations when such policies have an impact on community mental health centers and the association has a direct interest in the matters?"

We start with the determination that the member of the board is deemed to hold a substantial interest in the association by definition of K.S.A. 46-229(d). Thus, under K.S.A. 46-233 and K.S.A. 46-286, the board member may not participate on behalf of the board in contracting with the association or licensing, regulating or inspecting the association. We assume this is not likely to occur. Otherwise, he is not precluded from fully participating on the board due solely to his position with the association.

We note in closing that K.S.A. 46-286 should be carefully scrutinized as it relates to all members of the board.

Lastly, in addition to your request for a statutory interpretation, you ask whether the situation would constitute a common law conflict of interest. That question is outside our jurisdiction.

Opinion No. 88-20

Written July 21, 1988, to Lois Rich Scibetta, Ph.D., R.N., Executive Administrator, Kansas State Board of Nursing, Topeka.

This opinion is in response to your letter of July 14, 1988, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as executive administrator of the Kansas State Board of Nursing.

You advise us that the 1988 Legislature granted the Board of Nursing funding for a skilled Investigator I, full time, a half-time investigator, and a half-time clerk. Your recommendations for these positions were first approved by the Long Range Planning Committee of the board, and then by the full board's approval.

One member of the board, who also served on the Long Range Planning Committee that created this position, is interested in applying for the full-time Investigator I position. If the individual is chosen, she will resign from her appointed position on the board.

You ask whether a person who participated in the cre-

ation of a position may later take that position.

We have reviewed K.S.A. 46-215 et seq. in its entirety and with the exception contained in K.S.A. 46-234, which does not here apply, it is our opinion that a state officer or employee may participate in the creation of a position and then accept employment to the newly created position.

Opinion No. 88-21

Written July 21, 1988, to Lois Rich Scibetta, Ph.D. R.N., Executive Administrator, Kansas State Board of Nursing, Topeka.

This opinion is in response to your letter of July 14. 1988, in which you request an opinion from the Kansas Public Disclosure Commission.

We note at the outset that the commission's jurisdiction is limited to the applicability of K.S.A. 46-215 et seq. Thus, whether some other common law, statutory system or agency rule, regulation or policy relates to your question is not covered by this opinion.

We understand you request this opinion in your capacity as executive administrator of the State Board of Nursing. In that capacity you administer nursing fee fund monies and sign all contracts on behalf of the board.

You also advise us that you are a member of the Kansas State Nurses Association, a private non-profit organization which advocates on behalf of licensed registered nurses. As we understand the factual situation, you are not an officer, director or member of the board of the association and you receive no financial reimbursement from the association.

You state the board is about to enter into a contract with the association to monitor impaired licenses. As the chief executive officer of the board, you will be required to sign the agreement on behalf of the state.

You ask whether you may sign the contract on behalf of the state and whether other members of the board who may also be members of the association may participate in the making of the contract. The threshold question is whether you or the other members of the board hold a 'substantial interest" in the association. If any member of the board holds such an interest in the association, then that individual may not participate on behalf of the state in the making of the contract (see K.S.A. 46-233).

"Substantial interest" is defined in K.S.A. 46-229. From our review of the definition, it is our opinion that you do not hold a "substantial interest" in the association and therefore may participate in the making of the contract with the association.

As to other members of the board, if you have additional questions after reviewing K.S.A. 46-229, don't hesitate to contact our staff for further guidance.

Opinion No. 88-22

Written July 21, 1988, to Larry L. Huey, Topeka.

This opinion is in response to your letter of June 9, 1988, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your ca-

pacity as an Alcohol and Drug Consultant II for Social and Rehabilitation Services/Alcohol and Drug Abuse Services (SRS/ADAS).

You state that you will continue employment in your current position and hopefully begin additional employment (one evening and Saturday mornings) at the Shunga Creek Outpatient Treatment Program, 5040 S.W. 28th, Suite B. Topeka, Kansas. This program is owned by Jim Woodward and operated as a social work practice, as well as being licensed by SRS/ADAS as an alcohol/drug outpatient treatment facility. The Shunga Creek Outpatient Treatment Program has never received, has not applied for, nor plans to apply for an SRS/ADAS grant.

You indicate that at one time you participated in the licensure of the Shunga Creek Program but have not participated in the making of any contracts with the entity and will not be involved in any licensing, regulation, inspecting or entering into contracts with the program.

Based on this factual situation, it is our opinion that your part-time employment is permissible.

Opinion No. 88-23

Written July 21, 1988, to Lisa E. Schwinn, Staff Attorney, Kansas Department of Transportation, Topeka.

This opinion is in response to your letter of June 10, 1988, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as a staff attorney for K.D.O.T. You advise us that a K.D.O.T. employee, an Engineering Technician III, has inquired as to whether he can hold outside employment. The facts are as follows: The employee is a full-time employee in a classified position. He at times acts in the capacity as a back-up supervisor. He is a lead employee. During construction projects, he inspects the work on numerous projects, including federal-aid highway projects. You understand he administers contracts with the contractors on the projects. In addition, his position involves inspecting and accepting materials for K.D.O.T.

This employee has inquired as to whether he can be a part owner in a company that would sell asphalt, concrete and possibly other materials that K.D.O.T. uses. You also understand it is his intent to sell such material to K.D.O.T.

K.S.A. 46-286 applies to your question. That section states: "(a) No state officer or employee, in the officer's or employee's official capacity, shall participate directly in the licensure, inspection or administration or enforcement of any regulation of or in any contract with any outside organization with which the officer or employee holds a position.

From a review of this section, it is our opinion that the state employee could not participate in licensure, inspection, or administration or enforcement of any rule or regulation of or in any contract with the company in which he would have an ownership position.

If his job duties require such actions, then he must either resign that position or not purchase an ownership position. SANTA BERNELLA

Conditions of Bids

Bids will be received for the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate will apply to all bonds of the same maturity. Each interest rate specified will be a multiple of 1/8 or 1/20 of 1 percent. The difference between the highest and lowest rates specified in any bid will not exceed 21/2 percent. No interest rate will exceed the maximum interest rate allowed by Kansas law, said rate being the 20 bond index of treasury bonds published in the weekly Credit Markets in New York, New York, on March 6, 1989, plus 2 percent. No bid of less than par and accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by the school district, and will be addressed to Diane Harris, District Clerk, District Office, 15020 Metcalf, P.O. Box 23901, Overland Park, KS 66223, and will be blainly marked "Bond Bid." Each bid will specify the total interest cost to the school district on the basis of such bid and the average annual net interest rate on the basis of such bid. The net interest cost to the school district will be determined by subtracting the amount of the premium, if any, from the total interest cost and will be stated as a dollar amount in the bid. The school district will be entitled to rely on such dollar amount as stated in the bid as the basis of determining the lowest net interest cost bid. If there is any discrepancy between the said net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

Each bid must be accompanied by a certified or cashier's check equal to \$400,000, made payable to Treasurer, Unified School District 229, Johnson County, Kansas. In the event a bidder whose bid is accepted fails to carry out his contract to purchase the bonds, said deposit will be retained by the school district as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

Basis of Award

The school district reserves the right to reject any and all of the bids, and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the school district.

Delivery of the Bonds

The bonds will be sold subject to the unqualified ap-

proving opinion of Stinson, Mag & Fizzell, bond counsel, of Kansas City, Missouri, a copy of whose opinion will be printed on the reverse side of each certificated bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of the opinion of bond counsel and the expense of printing the bonds will be paid by the school district. Bond counsel's legal opinion will contain a statement to the effect that the bonds will constitute general obligations of the school district, payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the school district.

The number and denominations of bonds and names of the registered owners to be shown on the bonds initially delivered must be submitted in writing by the successful bidder to the bond registrar not later than April 7, 1989.

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in Federal Reserve funds or other immediately available funds not later than 11 a.m. Kansas City time on the day of delivery. Delivery of the bonds will be made to the successful bidder on or before April 15, 1989, at such location as may be specified by the purchaser. The purchase price, including accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Tax Exemption

Federal Income Taxation. In the opinion of bond counsel, under existing statutes, regulations, rulings and court decisions, including the Internal Revenue Code of 1986, interest on the bonds is not includable in gross income for purposes of federal and Kansas income taxation. In rendering its opinion, bond counsel will state that it has assumed the school district's present and continuing compliance with covenants in the proceedings of the school district authorizing the issuance of the bonds and other documents. Interest on the bonds is not an item of tax preference for purposes of the individual or corporate alternative minimum tax, except that interest on the bonds may be subject indirectly to a federal and Kansas corporate alternative minimum tax as pre-tax book income in taxable years beginning in 1987, 1988 and 1989 or as adjusted earnings and profits for taxable years beginning after 1989. Interest on the bonds also may be subject to a tax based on the modified alternative minimum taxable income of a corporation under the Superfund Amendments and Reauthorization Act of 1986 in taxable years beginning after 1986. In addition, interest on the bonds held by certain foreign corporations may be subject to the branch profits tax under the code in taxable years beginning after 1986. The school district has not designated the bonds as "qualified tax-exempt obligations" under Section 265 of the code relating to interest deductions for banks and thrift institutions. Reference is made to the preliminary official statement for further discussion of fed-

(continued)

eral income tax matters relating to the interest on the bonds.

CUSIP Identification Numbers

CUSIP identification numbers will be printed on the bonds. All expenses in relation to printing of CUSIP numbers on the bonds and the expenses charged by the CUSIP Service Bureau for the assignment of said numbers shall be the responsibility of and shall be paid for by the school district.

Bond Rating

The school district has applied to Moody's Investors Service, Inc. and Standard & Poor's Corporation for ratings on the bonds.

Assessed Valuation and Bonded Indebtedness

The total assessed valuation of the taxable tangible property within the school district for 1988 for the computation of limits upon bonded indebtedness is \$243,080,021. The total general obligation bonded indebtedness of the school district as of this date, including this \$20,000,000 proposed issue of bonds, is \$87,825,000.

Preliminary Official Statement and Official Statement

The school district has prepared a preliminary official statement dated March 1, 1989, copies of which may be obtained from the undersigned or the district's financial advisor. Upon the sale of the bonds, the board will approve the final official statement and will furnish the successful bidder a reasonable number of copies thereof without additional cost. Additional copies may be ordered at the successful bidder's expense.

Official Information

Additional copies of this notice of bond sale, the official bid form or further information may be obtained from George K. Baum & Company, 1004 Baltimore Ave., Kansas City, MO 64105, (816) 474-1100, the school district's financial advisor.

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on June I and December 1 in each year, beginning December 1, 1989.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders. subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly Credit Markets, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 11/2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual

net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which he bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance main sewer improvements in the city. The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the city, pursuant to K.S.A. 12-619 and K.S.A. 12-624.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the ssuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations. such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative hinimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of taxexempt interest received or accrued on obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to April 14, 1989, at such bank or trust company in the state of Kansas or the greater metropolitan area of Kansas City, Kansas, as may be specified by the successful bidder. Delivery elsewhere will be at the cost of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 4 p.m. C.S.T. on March 31, 1989. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 4 p.m. C.S.T. on March 31, 1989, a certificate acceptable to the city's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices; and (ii) a substantial amount

(continued)

of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder; and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$6,100, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city with the city reserving its right to pursue any other remedies available to it which may arise out of the bidder's default in its performance.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at City Hall and must be received by the undersigned prior to 4:30 p.m. C.S.T. on Tuesday, March 14, 1989.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1989 is \$14,954,447. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$3,501,200, including, as of the date of the bonds, tem-

porary notes outstanding in the principal amount of \$748,200, of which \$263,200 will be retired out of the proceeds of the bonds herein offered for sale.
